DECISION ON RENEWED

PETITION UNDER

37 CFR 1.47(a)

This decision is in response to the applicant's filing of 28 February 2008 in the United States Patent and Trademark Office (USPTO). The filing includes a copy of a renewed petition under 37 CFR 1.47(a) purportedly originally filed on 31 August 2007.

BACKGROUND

On 02 July 2007, applicant was mailed a decision dismissing applicant's petition under 37 CFR 1.47(a). Applicant was afforded two months to file any request for consideration.

On 28 February 2008, applicant filed the present petition.

DISCUSSION

As detailed in the decision mailed 02 July 2007, a petition under 37 CFR 1.47(a) must be accompanied by (1) the fee under 37 CFR 1.17(g), (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort, (3) a statement of the last known address of the missing inventor, and (4) an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and on behalf of the non-signing joint inventor. Applicant previously satisfied items 1-3 above. Applicant has presently provided a compliant declaration satisfying the remaining item. However, the renewed petition cannot be granted at this time as there is a question as to the timeliness of the response. Applicant's present claim that a response was originally filed on 31 August 2007 is not signed by a registered attorney or patent agent. In addition, while applicant has included a stamped return postcard showing a USPTO receipt date of 31 August 2007, applicant has not included a signed statement from counsel certifying that the papers submitted on 28 February 2008 represent a true and

Application No.: 10/581,987

2

complete copy of the papers originally filed on 31 August 2007. Pending resolution of these issues to assure the timeliness of the reply, it is not possible to grant applicant's renewed petition under 37 CFR 1.47(a) as the application is technically abandoned for failure to provide a timely response to the decision mailed 02 July 2007.

CONCLUSION

For the reasons discussed above, a decision on applicant's renewed petition under 37 CFR 1.47(a) is being held in abeyance pending the filing of a grantable petition under 37 CFR 1.181.

Any reconsideration on the merits of this petition must be filed within **TWO (2) MONTHS** from the mail date of this decision. Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1.47(a) and Petition Under 37 CFR 1.181."

Any further correspondence with respect to this matter should be directed to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration.

Dear Sir or Madam:

RENEWED PETITION UNDER 37 CFR 1.47(a)

In response to the Decision on Petition mailed July 2, 2007, Applicant submits this Renewed Petition for reconsideration and respectfully request that the Office accept applicant's Renewed Petition to accept the present national stage application without the signature of joint inventor Will Ballard filed in the United States Patent and Trademark Office (USPTO).

In the Decision on Petition mailed July 2, 2007, the Office states" *As detailed in the decision mailed 23 April 2007, a petition under 37 CFR 1.47(a) must be accompanied by (1) the fee under 37 CFR 1.17(g), (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort, (3) a statement of the last known address of the missing inventor, and (4) an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and on behalf of*

the non-signing joint inventor. Applicant previously satisfied items (1) and (3).

As to item (2), applicant has now filed evidence to show that Mr. Ballard was presented with a complete set of application papers and to date he has not responded with an executed oath or declaration. This period of non-response constitutes a refusal under 37 CFR 1.47. Thus applicant has satisfied this item.

Regarding item (4), while applicant has presently submitted a declaration executed by the remaining inventors on their own behalf, as well as, on the behalf of Mr. Ballard, the filed declaration does not comply with 37 CFR 1.497(a)(3) in that it does not provide at least the citizenship of Mr. Ballard."

Applicant hereby submits a new executed declaration that complies with 37 CFR 1.497(a)(3) executed by the other inventors on their own behalf and on behalf of the non-signing inventor (Will Ballard). This new executed declaration provides the citizenship of Mr. Ballard.

Applicant believes the relevant documents are now in order to complete the requirements for acceptance. Applicant respectfully requests that the Office accept the Renewed Petition so that the present national stage application is accepted without the signature of joint inventor Will Ballard.

No additional Petition fee is required as indicated on said Decision on Petition mailed July 2, 2007. However, if Applicant is in error, the Commissioner is hereby authorized to charge the fees associated with this communication to Galasso & Associates Deposit account 50-3446 under Reference Number 1708.030002.

DECISION ON PETITION
UNDER 37 CFR 1.47(a)

This decision is in response to applicant's renewed petition to accept the present national stage application without the signature of joint inventor Wil Ballard filed 22 June 2007 in the United States Patent and Trademark Office (USPTO).

BACKGROUND

On 23 April 2007, applicant was mailed a decision dismissing applicant's petition under 37 CFR 1.47(a). Applicant was afforded two months to file any request for reconsideration.

On 22 June 2007, applicant filed the present renewed petition under 37 CFR 1.47.

DISCUSSION

As detailed in the decision mailed 23 April 2007, a petition under 37 CFR 1.47(a) must be accompanied by (1) the fee under 37 CFR 1.17(g), (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort, (3) a statement of the last known address of the missing inventor, and (4) an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and on behalf of the non-signing joint inventor. Applicant previously satisfied items (1) and (3).

As to item (2), applicant has now filed evidence to show that Mr. Ballard was presented with a complete set of application papers and to date he has not responded with an executed oath or declaration. This period of non-response constitutes a refusal under 37 CFR 1.47. Thus applicant has satisfied this item.

Regarding item (4), while applicant has presently submitted a declaration executed by the remaining inventors on their own behalf, as well as, on the behalf of Mr. Ballard, the filed

Application No.: 10/581,987

2

declaration does not comply with 37 CFR 1.497(a)(3) in that it does not provide at least the citizenship of Mr. Ballard.

CONCLUSION

For the reasons stated above, applicant's renewed petition under 37 CFR 1.47(a) is **DISMISSED**.

Any reconsideration on the merits of this petition must be filed within **TWO (2) MONTHS** from the mail date of this decision. Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1.47(a)." No additional petition fee is required. Extensions of time may be obtained under 37 CFR 1.136(a).

Any further correspondence with respect to this matter should be directed to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O.
